Bass Coast Shire Councillor Candidate answers to SCTA questions, October 2020

GEOFF ELLIS

1, What is your position on the Distinctive Areas and landscapes process? Do you support it? What reservations do you have - if any?

Fully support and have been deeply involved since inception including meetings with DWELP and the consultations that have informed it. There are always reservations around anything to do with any level of government. I am concerned that the DAL is not locked in yet and wonder if some of the DA applications that came up recently were part of a land rush. I am thinking of Mahers Landing in particular. Always going to worry that we have right mix of protections that cover the right areas and await the final wording.

2 How do you propose to engage with the communities regarding this process?

Same way I always do - answer emails, turn up for your meetinas (zoom and non zoom) . include updates in
